

CALIFORNIA INLAND EMPIRE COUNCIL BOY SCOUTS OF AMERICA

Group Merit Badge Day Application

A Group Merit Badge Day is defined as any entity holding a Group Merit Badge Day for scouts outside of their organization. The Merit Badge Day Coordinator starts the Group Merit Badge Day application process with enough lead time to deliver the completed Application package to their District Advancement Chair at least 30 days prior to their Merit Badge Day event. Please download the CIEC Group Merit Badge Day Policies from the CIEC website for detailed instructions. Please make sure that the Merit Badge Counselors listed on page 2 are certified and registered (for the Merit Badge they are instructing) within a California Inland Empire Council District. Note that all event counselors must be trained in the aims of Scouting and in advancement procedures, and are required to have their Youth Protection Training current.

Please attach the Merit Badge Day flyer to this application. The flyer must adhere to the CIEC Group Merit Badge Day Policies.
