CALIFORNIA INLAND EMPIRE COUNCIL SCOUTS BSA SUMMER CAMP

Located about a mile in elevation, high in the San Jacinto Mountain Range, Camp Emerson is the oldest continuously operated Scout Camp in the Western United States. It is a thrill to be in camp when the last rays of the summer sun cast a pink and purple haze on majestic Tahquitz Peak, and dusk fades into the night sky with stars so big and bright that you can almost reach up and touch them. These sights - these experiences will create memories that last a lifetime.

If you are interested in a quality program with an enthusiastic staff, then Emerson is your camp. Our staff will meet you at the camp entrance and lead you on a camp tour as well as guide you to your campsite. All staff members will be at the ready to assist you with any of your needs, whether in your campsite or with a merit badge or program event. Whatever your needs might be, just let us know so that we can best serve your unit.

The task of the Unit Leader is to make sure that youth can take advantage of Camp Emerson's program opportunities. Emerson has a plethora of merit badges as well as other activities. Camp Emerson is continuing the Outpost program for all campers, as a part of the E-Team program. An Outpost is an overnight experience aimed at allowing Scouts to learn new skills and have new experiences.

We would like to invite you to this special place and encourage you to gain full access to the opportunities at camp this summer. Summer Camp is important to the development of the youth of your Unit, and your Scouts are going to grow in skills, camaraderie, and character during the week with many frontiers and horizons open to them. Our staff is here to help and guide you every step of the way as we step forward into the future together.

The camping program of the California Inland Empire Council would be proud to be a part of your Troop's effort in serving youth; we look forward to meeting all of you this summer.

In the Spirit of Scouting,

Crystal Pastorian Camp Director Kelly Cromwell Program Director
